GRANDPARENTS DAY (September 13th)

Grandparents bestow upon their
grandchildren
the strength and wisdom that time
and experience have given them.

Grandchildren bless their
Grandparents
with a youthful vitality and innocence
that helps them stay young at heart

forever.

Together they create a chain of love

linking the past with the future.

The chain may lengthen, but it will never part!

SOMETHING TO THINK ABOUT:

If you mix flour and water together, you get glue.

Add eggs, sugar and shortening, and you get a

cake.

Where did the glue go???

SEPTEMBER

The last days of summer and the first days of fall are a special time of the year! It's a time to gather up the rest of the harvest and prepare for the winter months.

“There are flowers enough in the summertime,
More flowers than I can remember –
But none with the purple, gold, and red
That dye the flowers of September!”

(Mary Howitt (1799-1888))

September's name comes from the Latin word septem, meaning “seven.” This month had originally been the seventh month of the early Roman calendar.

SMILES ARE CONTAGIOUS

Smiling is infectious,
You catch it like the flu.
When someone smiled at me today,
I started smiling too!

I passed around the corner
And someone saw my grin,
When he smiled, I realized
I'd passed it on to him!
I thought about that smile,
Then realized its worth;
A single smile, just like mine
Could travel round the earth,
So, if you feel a smile begin
Don't leave it undetected.
Let's start an epidemic quick,
And get the world infected!

A CHILD'S DEFINITION OF A FORTUNE COOKIE – A COOKIE WITH MAIL INSIDE!

A highway patrolman pulled alongside a speeding car on the freeway. Glancing at the car, he was astonished to see that the woman behind the wheel was knitting! Realizing that she was oblivious to his flashing lights and siren, the trooper cranked down his window, turned on his bullhorn, and yelled, "**PULL OVER!**"
"No," the woman yelled back, "It's a **SCARF**".

CANADIAN LABOUR DAY

Labour Day is a statutory national holiday celebrated throughout Canada on the first Monday in September. The origins of Labour Day in Canada can be traced back to a printer's revolt in 1872 in Toronto when labourers tried to establish a maximum 54-hour workweek. At that time, any union activity was considered illegal and the organizers were jailed. Protest marches of over 10,000 formed in response. This eventually led

to the Prime Minister Sir John A. Macdonald repealing the anti-union laws and arranging the release of the organizers as well. The date was officially declared as a national holiday in Canada on July 23rd 1894 by the government of Prime Minister John Thompson. While some Labour Day parades and picnics are organized by unions, most Canadians simply regard Labour Day as the Monday of the last long weekend of summer.

HARVEST IN SOUTHERN SASKATCHEWAN

Crop District 2 – Weyburn, Milestone, Moose Jaw, Regina & Qu'Appelle areas;

* Saskatchewan Agriculture says four per cent of the 2020 crop is harvested. Warm temperatures are causing crops to rapidly develop and ripen, Saskatchewan Agriculture reported Thursday, as farmers continue to make progress on the harvest.

* Four per cent of the crop is combined, slightly behind the 5-year average of five per cent for this time of year, according to the weekly crop report.

* Another six per cent of the crop is swathed or ready to straight-cut. The five-year average for this time of year is eight per cent.

* Five per cent of the crop in the southeast, two per cent in the central regions, and less than one per cent in the northern regions is combined.

* Sixty-two per cent of fall rye, 37 per cent of winter wheat, 22 per cent of field peas, 19 per cent of lentils and six per cent of barley is in the bin, and three per cent of canola has been swathed or is ready to straight-cut.

* Sask Ag said there are reports of premature ripening of crops due to the heat, which has also caused some crop damage.
