

H.E.L.L.O. Nov. 2021

{Harwood Manor's. Events. Life. Leisure.Opportunities.}

The residents have been very creative this past month...preparing for Christmas!! I know we don't want to hear that word yet, but after all it is only a few weeks away. We hosted two mother/daughter afternoons where we created Christmas arrangements to be showcased/sold at a local garden market at the end of the month.

While the residents are "enjoying" themselves...the staff @ Harwood Manor are attending "School". The month of November has been set aside for staff education days, starting with our refresher course on Dementia. **Thank-you so much** to our dedicated instructor, **Cindy Eberle**. Cindy is employed @ Harwood as a R.N. but also does the orientation of new staff, teaches CPR/First Aid/TLR, is on the OH&S

committee and instructs our staff education days. She also travels to surrounding communities to teach various courses.

"Not too sure what she does in her spare time!!"

“Neither rain nor snow nor sleet nor hail ...shall keep the postman from his appointed rounds”

I would like to introduce you to our own mailman...and about the only thing that keeps him from his job, is a trip out to the farm with family.

Stewart Turpin has been a resident at Harwood Manor since Nov. 2019. Stewart spent his life farming in the area of Table Mountain...a few miles outside of Battleford. He and his wife, Lorraine, raised two beautiful children, son Robert and daughter Brenda. Robert has taken over the family farm while Brenda is living in Stettler, Alberta.

Stewart is a pilot, owns a few planes, spent many winters travelling to warmer climates and enjoys watching sports on T.V.

Earlier this year, Robert took Stewart for a ride in one of the planes, and we still have not been able to wipe the grin off his face
