Did You Know?

Legend says that each leaf of the clover represents something: the first is hope, the second is faith, the third is love, and the fourth is luck.

St. Patrick's actual color is blue, not green.

The most leaves found on a shamrock is 14.

The first St. Patrick's Day Parade was held in Boston in 1737.

There are approximately 10,000 regular 3-leaf clovers for every one 4-leaf clover.

Hearing Better Now

An elderly man was having hearing problems and went to see a specialist. The doctor fitted him with some hearing aids that brought back his hearing to full strength.

After a few weeks the man came back to make sure the new equipment was working properly, which it was.

The hearing specialist said, "It all seems perfect. Your family should be delighted you can hear everything now."

"Oh no," the man responded. "I haven't told any of them. I just sit quietly, listening carefully. I've changed my will four times!"
